

CCUS COFFEE SESSIONS

**Wednesday,
February 21st
10:00 – 11:00 am
virtual and in-person**

The Payne Institute *for* Public Policy

Hello!

Thank you for your interest in our Energy Transition and Carbon Management Coffee Sessions, sponsored by the Payne Institute for Public Policy. These sessions will be available in person and virtually, to encourage as much participation as possible.

These sessions provide an opportunity to share knowledge across academia, industry, and government and will ideally foster meaningful conversation, learning, and opportunities to network. A presentation by volunteers including students, professors, industry professionals and government representatives on energy transition topics, will be followed by informal discussion and questions.

These meetings will be Wednesdays at 10:00am in the CoorsTek building, room 370.

Please contact Anna Littlefield, annalittlefield@mines.edu with any questions, and let us know if you would be interested in volunteering to give a short talk at a future coffee hour.

Looking forward to some great conversation this semester!
